HOT & STRIP WAX

THE UK'S TOP  
HAIR REMOVAL  
DESTINATION  
SINCE 2005.

STRIP WAS THE FIRST  
WAXING BAR TO OBSESS  
OVER THE FINER POINTS  
OF HAIR REMOVAL, MAKING  
THE MUNDANE INTO A  
LUXURIOUS TREAT.

Our specialist Therapists are trained to  
the highest level and armed with the best  
waxing products for all skin types, ensuring  
a virtually pain-free wax.

In addition to waxing, our prime locations  
offer cutting edge services such as face-  
changing **Wow Brow** and premium medical-  
grade laser hair removal — plus a curated  
collection of high-end lingerie, swimwear,  
skincare and specialised products.

# PRE-WAX PREP

TO GET THE BEST RESULTS & SILKY SOFT SKIN, YOU NEED TO PREPARE.

You need some hair or stubble (anything longer than about 2mm) so the wax has something to cling to. Don't worry about hair being too long – we can always trim it during the appointment.

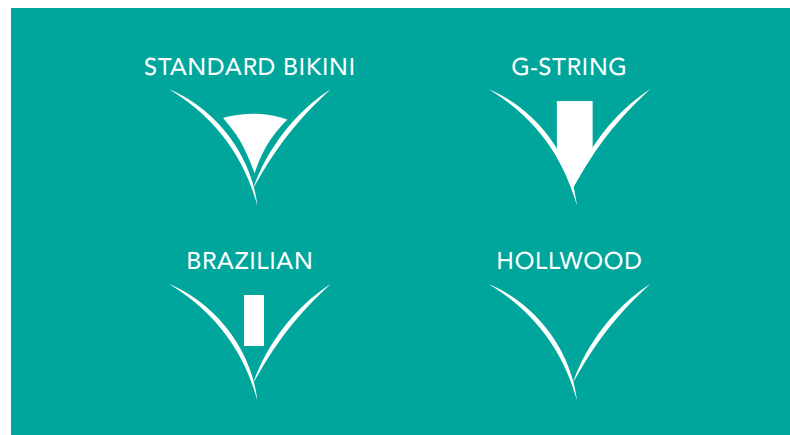

Ladies – skin sensitivity is heightened just before and during your period so you might want to avoid this time.

We pride ourselves on being able to perform virtually pain-free waxes, however it really does depend on your pain threshold. We use premium quality wax, plus 'pre' and 'post' skincare products. Our therapists are trained to stretch the skin and position your body to minimise pain.
